

## About Rad Morocco

Morocco is not just a destination — it is a layered, living culture that deserves to be experienced with depth and understanding.

Rad Morocco was founded by Radouane El Aouan, a Certified National Tour Guide since 2007, with over 18 years of professional experience in Morocco's tourism industry.

Throughout his career, Rad has worked extensively with American and British travelers, international tour operators, and travel professionals seeking authentic, well-structured experiences across the country. His expertise goes beyond guiding — it includes itinerary design, logistical planning, supplier coordination, and deep on-the-ground knowledge of Morocco's diverse regions.

What distinguishes Rad is not only experience, but perspective.

Having worked closely with international markets for nearly two decades, he understands the expectations, travel styles, and standards required to create seamless and meaningful journeys. From the Atlas Mountains to the Sahara, from imperial cities to coastal retreats, every route is designed with precision, realism, and cultural depth.

Rad Morocco was created to offer more than tours — it offers insight, structure, and expert guidance.

Whether through private travel consulting, itinerary design, or curated travel experiences, the goal remains the same: to help travelers experience Morocco properly — with clarity, balance, and authenticity.
